## WORK EXPERIENCE

### **Intern | Base pharmacy**

**June 2023 –August 2023 , Accra,Ghana**

- Keyed in data into an excel sheet that was then inputted in a database.
- Improved customer satisfaction by effectively tracking and pricing in a database, resulting in 5% faster service for customers.

### **Intern | Leti Arts**

**January 2025 -February 2025, Accra,Ghana**

- Programmed and worked on was the 2d platformer about the trotro culture in unity that demonstrated my understanding.

### **Intern | Dobiison**

**May 2025 – June 2025, Accra,Ghana**

- Worked as a developer, gaining hands-on experience with Unity and Blender for game and interactive media development. One of my key responsibilities involved managing assets for the Experience Africa project. to ensure they met both technical requirements needed for the project which resulted in a decrease in my team workload and an increase in the project performance.

## PROJECT EXPERIENCE

### **Website Developer**

**January 2025 – April 2025, Accra,Ghana**

- Created a portfolio website to test my HTML, CSS, and JavaScript skills, and it was truly a humbling experience. Through this project, I gained firsthand insight into what it feels like to be a programmer, as well as a UI and UX designer—all in one. It also allowed me to assess my skill level and recognize the gap between myself and more experienced developers.

### **Game Developer/ It can't be beaten**

**May 2025 – September 2025, Accra,Ghana**

- Designed 2d game in Godot and Unity to explore my interest as a game developer and again I explored what it took to create a 2d platformer in unity.
